it priority, a like order may be issued on this occasion also. As for the formation of a section exclusively for Census printing Branch V is requested to favour this Branch with its opinion

(Branch V) 14/5/10

As regards stocking a sufficient quantity of type and materials for work connected with Census, it has to be noted that orders are under issue sanctioning a sum of Rs 22,000 for the purchase of type required on this account. It is a point for consideration as to whether the question of forming a separate section for Census Printing work may not be left to the discretion of the present Supdt. ~~who happens to be a technical gentleman~~ The remarks of the Census Supdt about treating all printing work connected with Census as urgent will if approved be communicated to the Press Supdt

To

C. S. Balasundaram Iyer, Esq., B. A.,

Officiating Secretary to the Government of

His Highness the Maharaja of Mysore,

General and Revenue Departments,

(Through the Retrenchment Committee)

Sir,

I have the honour to address Government regarding the arrangements which have to be made for ~~the~~ Census printing.

The chief printing work in the immediate future is the printing of copies of the Census Procedure Code and of the forms, (including Schedules) prescribed therein. The experience of the past decennial Census in this respect and suggestions for the future are summarised in para 105 of the Census Administrative Report and to this I would invite the attention of Government. It is there stated that a separate section of printers for Census Printing should be constituted under a responsible foreman or manager whose primary duty would be Census printing, that a sufficient stock of the various kinds of types ordinary and accentuated, should be stored upon a careful forecast of requirements and that the Press Superintendent should regard as urgent all requisitions from the Census Superintendent for printing etc.

I have the honour to request that an order of Government may be issued in the above sense to the Superintendent of Government Printing.

I have the honour to be,

Sir,

Your most obedient servant,

V R Thyagaraja

Census Superintendent.

Bangalore.

Sir,

I have the honour to acknowledge with thanks your letter No.FL5818/Cen. 13-09-2 enclosing an extract of para 2 of the Census Superintendent's letter No.155, dated 4th May 1910, together with a copy of para 103 of the last Census Administration Report on the subject of Census printing, for favour of my opinion.

2. ACCOMMODATION IN THE PRESS PREMISES. I note that para 2 requires "that a separate section of printers for Census printing should be constituted under a responsible foreman or manager, etc." As to this, I have the honour to state that I have already arranged a commodious room adjoining the Superintendent's office, for the purpose. An efficient foreman will be appointed in good time. I have approached the Chief Engineer to see if it is not possible to erect another storey over this said room. If this could be done, it would not only give me the additional room space so much needed in the Press, but would provide accommodation for the time for readers specially engaged upon the wor as well as for any of the Census staff who would be required from time to time to attend the Press and work there. I attach much importance to this.

suggestion.

3. TYPE AND MATERIAL:- Government having granted R$ 22.000 for the purchase of type, there should be no difficulty in meeting all reasonable requirements in point of time on the part of the Census Department. If further supplies are required, no doubt, Government will readily grant them. I understand that it was owing to difficulties in this direction that so much trouble and delay were caused in executing the post-census work on the last occasion.

4. IMPORTANCE OF THE WORK. I note the "paramount importance" which Government attach to the forthcoming Census work. I need scarcely say that I also appreciate its importance, and will do my best to meet the special requirements which the said work occasions. I shall be glad if the Census Superintendent would be good enough to call on me at the Press, and talk the matter over generally. It would save time and help matters very considerably.

I have the honour to be,

Sir,

Your most obedient servant,

Wm. Valls.

Superintendent.
